

PRODUCT SPECIFICATION

Barbecue grill

Components:

GR-01	charcoal grid	14 kg	1 pc/product
GR-02	left bracket	1.65 kg	1 pc/product
GR-03	right bracket	1.65 kg	1 pc/product
GR-04	legs	0.9 kg	2 pcs/product
GR-05	spacer	0.65 kg	2 pcs/product

Suitable for: outdoor cooking, placed on a pre-built charcoal grilling platform.

Features: the reinforced grid is not susceptible to warp under the influence of heat. The barbecue grates (not included) are height-adjustable in 4 levels by using the spikes on the brackets. Make sure to avoid the contact of overheated components with cold water! It is recommended to place an ash pan under the charcoal grid!

Material quality: EN-GJL-200

Casting: grinded, sandblasted design – also available in a fully assembled form for additional charge.
